School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	33.0	29.0	46.0	44.0	48.0	50.0
Mathematics (grades 3-8 and 11)	22.0	21.0	28.0	27.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Opportunities for Parental Involvement (School Year 2018-19)

Brookhurst Junior High School believes that education is a shared responsibility where the student, the school, the home, and the community work together toward common goals. Our goal is to provide meaningful educational involvement opportunities for all parents by empowering them to advocate for their children. At Brookhurst, every parent is recruited to partner with the school by participating in School Site Council, Parent Teacher Student Association (PTSA), English Learner Advisory Committee (ELAC), District-level English Learner Advisory Committee (DELAC), and the Superintendent's Advisory Council. Parents have the opportunity to become actively involved in the academic development of their child by checking and discussing the student agenda planner, which every student is expected to use daily to record their class assignments.

In addition, Brookhurst Junior High School invites and provides every parent with the opportunity to attend monthly parent nights. Through our parent counseling presentations, parent leadership academy and our family engagement specialist, we provide workshops that are of interest to parents such as A-G requirements, how to navigate the educational system, anti-bullying, and other important subjects based on parent feedback from an annual needs assessment survey. We also have monthly "Coffee Chat with the Principal," as well as, campus tours, which focus on current issues surrounding education and classroom visitation. Parents are also encouraged to attend school with their son or daughter at any time. Parents are integral members of our school community, and we work hard to communicate and collaborate in order to build and maintain strong relationships.

The Anaheim High School Safety Plan is implemented by staff members. No less than four safety/evacuation drills are conducted throughout the school year. Students, teachers, and other faculty members are required to participate in these drills.

Professional Development (Most Recent Three Years)

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to two non-student days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in the Beginning Teacher Support and Assessment (BTSA) program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented.

In addition to what the district provides, Anaheim High School has weekly professional development opportunities on Tuesday's late start days. The time is utilized by departments, specialized programs, and cross-curricular articulation. All educational staff is involved in a variety of workshops and conferences.
